

In the South Florida Community

Thank you for your support !

Established 2000

A.A.C.E. 4th of July Message!

Dear A.A.C.E. Members, Board of directors, student-volunteers and community.

As We continue with a slow paced recovery from the COVID-19, we are experiencing changes around the world in resuming business operations and professional activities requiring us to monitor closely the guidelines issued by US government, State of Florida and South Florida authorities in their respective counties regarding the health and safety of residents and the resumption of business operations.

A.A.C.E. has taken measures to help mitigate the risks faced by our member companies, member professionals, student-volunteers, and Board of Directors, informing via digital communications of related healthcare safety protocols and official COVID-19 news on our website, Social Media channels in Facebook and Twitter.

A.A.C.E. urge you to consider all measures set out by Federal, State and local authorities as well as the latest directives from Healthcare official sources to ensure you receive reliable and accurate information.

A.A.C.E. is planning to resume conferences and meetings on Digital Platforms during Q3 of 2020. We will continue to maintain communication services to timely and effectively respond to our members needs via website www.aace-usa.org as well as email info@aace-usa.org and social media platforms ([facebook](https://www.facebook.com/aaceusa) , [twitter](https://twitter.com/aaceusa))

A.A.C.E. President and Board Members send you, your family and employees our best wishes on this 4th of July 2020 , hoping that you will remain healthy, alert and receptive to safety recommendations so we can overcome these challenging times and soon we can meet and network again !

THANK YOU and follow the MDC STAY SAFE CAMPAIGN !!!

Jorge Acevedo

A.A.C.E. President Board of Directors and A.A.C.E. Board of Directors 2020
